ENVIRONMENT  
AGENCY

Mr J. Lee.  
L and B Recycling Solutions  
Hannah Close  
Great Central Way  
Neasden  
Middlesex  
NW10 0UX

To whom it may concern.

**ENVIRONMENTAL PROTECTION ACT 1990 & THE WASTE MANAGEMENT  
LICENSING REGULATIONS 1994**

**NATURE OF OPERATIONS AT L & B RECYCLING SOLUTIONS OPERATING OUT  
OF L&B HAULAGE & CIVIL ENGINEERING'S SITE AT HANNAH CLOSE, GREAT  
CENTRAL WAY, NEASDEN, LONDON. (WASTE MANAGEMENT LICENCE  
NUMBER 80361)**

The waste management operations at the above site are considered by the Environment Agency to be a waste transfer station AND a material recycling facility for the re-use of construction and demolition wastes, particularly concrete, stone, wood, plastics, paper and cardboard.

This letter should in no way be considered an endorsement of the operation, merely an informative describing the waste management activities that are permitted to take place on the site.

Yours faithfully

A handwritten signature in dark ink, appearing to read 'C. Lowe'.

## **Environmental Policy Statement**

The waste management operations of this company are committed to comply with full implementation of the Environment Protection Act 1990 and any amendments. It will seek to promote the conservation and sustainable use of natural resources and minimise environmental pollution by its influence over others. The company currently recycles up to 85% of all waste handled and examining ways to further reduce the waste taken to the landfill to comply with government targets.

L & B Construction Recycling will review all its policies, services and activities to achieve this commitment. The objective is to minimise the impact of all operations on the environment.

Measures to minimise pollution from dust, noise and vibration nuisance are constantly under review and subject to quality assurance procedure in place.

All waste movement operations are carried out by properly licensed carries, registered with Environmental Agency. Waste not Recycled is taken to correctly licensed landfill sites with all documentation retained to prove compliance.

Site risk assessments & COSHH assessments from part of this environmental policy, and are regularly reviewed and audited to ensure that the standards are met.
